Products to complete your design

| Part number | Name | Datasheet | Additional information | Why are these companion products? |
|-------------|--|-------------------|--------------------------------------|---|
| TL431A | 1% Accuracy Adjustable Precision Shunt Regulator | Download | Technical Documents Tools & Software | Customers who designed with TPS54719 also designed with TL431A. |
| LP5907 | 250mA Ultra-Low-Noise Low-IQ LDO | Download | Technical Documents Tools & Software | Customers who designed with TPS54719 also designed with LP5907. |
| SN74LVC1G08 | Single 2-Input Positive-AND Gate | Download Download | Technical Documents Tools & Software | Customers who designed with TPS54719 also designed with SN74LVC1G08 |
| TPS3808 | Low Quiescent Current Supervisor with Programmable-Delay | Download | Technical Documents Tools & Software | Customers who designed with TPS54719 also designed with TPS3808. |
| TL431 | 2% Accuracy Adjustable Precision Shunt Regulator | Download | Technical Documents Tools & Software | Customers who designed with TPS54719 also designed with TL431. |

About TI | Careers | Contact us | Corporate Citizenship | Investor Relations | University Mobile apps | Mobile site | myTl account | Tl worldwide | Website feedback

TI is a global semiconductor design and manufacturing company. Innovate with 100,000+ analog ICs and embedded processors, along with software, tools and the industry's largest sales/support staff.
